

# STRATOSPHERE

HOTEL | CASINO | TOWER

Be a part of one of the coolest places for fun in the Vegas sun -- the Level 8 rooftop pool and the Radius pool at the Stratosphere Hotel, Casino & Tower!

Day or night. Sun or moon. RADIUS<sup>®</sup> Rooftop Pool & Wet Lounge is the perfect balance between relaxing boutique pool and entertaining Las Vegas lounge, uniquely located more than 300 feet above the world famous Las Vegas Strip.

Guests enjoy panoramic views of the valley's mountains during the day. But when the moon and stars start to shine, RADIUS<sup>®</sup> reinvents itself into an open-air wet lounge with the pool as its centerpiece and the city's neon lights as a stunning backdrop. RADIUS<sup>®</sup> is primed for partying. Dazzling, yet non-pretentious, it redefines Las Vegas fun with beats from DJs and a one-of-a-kind daily Sunset Happy Hour featuring breathtaking views as the sun slips below the horizon.

In a city where bigger is often promoted as better, RADIUS<sup>®</sup> takes a different approach by keeping it intimate and accessible with advance reservations available. RADIUS<sup>®</sup> provides personalized service to guests, including some of the best bottle service values in town.

Guests also love our rooftop pool with 67,000-square foot deck with fabulous skyline views, private cabanas, bubbling hot tub, pool volleyball & beer pong, Bikini Blackjack, Baja-style poolside cafe & bar offering ice cold drinks and the best bottle service value on the Strip!

Come make a splash with us and elevate our guests' experience to Stratospheric new heights! **Apply online today at [www.acepcareers.com](http://www.acepcareers.com)!**
